

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 6, 1995

SUBJECT: **SB 1295 - HB 912**

This bill, if enacted, will amend the Health Care Facilities Board statute governing the unauthorized practice in healing arts or medicine by partnership, person, association or corporation in health care facilities by requiring hospitals and hospital-based providers to explain to individual providers and the Board for Licensing Health Care Facilities the reasons for denial of credentialing/granting of staff privileges, particularly if related to economic reasons. This bill requires hospitals, prior to the granting or renewing of privileges, to contact the Health Related Boards for information concerning the licensure status and any disciplinary action taken against a medical staff member's license.

The fiscal impact from enactment of this bill is estimated to be an increase in expenditures to the state to implement the provisions of this act; however, such increase is estimated not to be significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director

SB 1295 - HB 912
